Hosting.Getmore.EU: requests for personal computer

On each personal computer, where application will be running, please check following steps:

- 1) Check Internet Explorer version
 - Only Internet Explorer 6 and higher is supported (you can check via IE menu "Help About Internet Explorer"). Other web browsers are not supported.

 URL address of the application has to be set in the Trusted sites of Internet Explorer. Set application address in format *.getmore.eu via Internet Explorer settings – Trusted sites (menu IE "Tools – Internet Options – Security tab – Trusted sites – Sites button – Add this website to the zone"):

You can verify that the application has been added successfully to the trusted site by checking the status bar at the bottom of the Internet Explorer application. Open URL address **https://hosting.getmore.eu/login** in Internet Explorer and check status bar – it should be **Trusted sites** instead of **Internet** now.
